Purpose

The purpose of this policy document is to detail the operational framework within which the Vice-Chancellor provides sub-delegations of authority to Massey University staff members, to ensure accountability and responsibility in decision making.

Scope

This policy applies to all employees of Massey University.

Policy

Section 193 of the Education Act 1989 confers on the University Council, all powers reasonably necessary to enable it to perform its functions efficiently and effectively.

The Massey University Delegations Statute details the powers and functions delegated to the Vice-Chancellor by the University Council.

Specifically, all of Council's functions and the exercise of its powers are delegated to the Vice-Chancellor, with the exception of the appointment of the Vice-Chancellor, performance reviews of the Vice-Chancellor, terms and conditions of employment of the Vice-Chancellor and Council specific functions and obligations as prescribed by the State Sector Act (section 771), the Crown Entities Act 2004, and the Health and Safety at Work Act 2015.

To enable effective and efficient governance and management of the University, the Vice-Chancellor may sub-delegate all or parts of these powers and functions to staff members or Committees of the University.

The purpose of this policy document is to detail the operational framework within which the Vice-Chancellor provides sub-delegations to staff members of the University.

1.0 Delegations apply to positions

- 1.1. Delegations are conferred on positions, and appropriate levels of delegated authority are assigned as an attribute of a position. Not all positions require an authority level to be assigned. Individuals occupying a position (including in an “acting” capacity”) which has assigned delegated authorities are accountable and responsible for decisions made under that assigned delegation.
- 1.2. Assigned levels of authority are hierarchical, and the Delegate's line manager holds at least the same level of delegated authority.
- 1.3. Authorities at Massey University are assigned as standardised Authority Bands. The Authority Bands are summarised as follows (and in further detail in the table in the Appendix to this policy which includes indicative roles to be assigned each Band. Details of the full sets of authorities are described within each of the schedules.

Authority Band	Financial (within budget)	HR Summary	Contract Signing
A	\$200,000 OPEX \$100,000 CAPEX Credit card	Establish new positions, Appoint Prof & Assoc Prof, Approve dismissal, Set salary outside of range	Some contract signing authority within specific categories, duration and value.
B	\$70,000 OPEX \$50,000 CAPEX Credit card	Establish new academic (up to Assoc Prof) and Professional Service positions within establishment FTE Approve leave over employment agreement provisions.	*Authorities provided to specific roles, refer to schedule
C	\$30,000 OPEX Credit card	Staff transfers & secondments, Leave approval >23 days, w/out pay >1month, Manage employment relationship problems	Nil
D	\$10,000 OPEX Credit card	Basic management set of HR authorities, e.g. leave, set salary within range, standard progression, sign employment offer documentation	Nil
E	\$5,000 OPEX Credit card	Undertake PDP for nominated staff. Verifying renewal of work permits.	Nil
F	Nil	Undertake PDP for nominated staff. Verifying renewal of work permits.	Nil

- 1.4. Delegation holders are subject to the direction and supervision of their managers, who in turn are accountable ultimately to the Vice-Chancellor, through established lines of accountability.

1.5. Delegated authorities cannot be provided to non-University staff (including contractors) without the prior approval of the Vice-Chancellor. Any approval granted must be in writing and retained by the Director Governance and Assurance.

2.0 Exercise of delegation

2.1 Delegations of authority must always be exercised subject to and in accordance with:

- i) Legislation
- ii) Employment agreements and role descriptions
- iii) University policies and procedures and the Policy on Staff Conduct
- iv) Any limits and requirements associated with specific delegated authorities
- v) Council Delegations Statute
- vi) Council delegations in place from time to time

2.2 Delegations apply where there is a commitment or liability incurred on behalf of the University. Other functions and activities which are considered to be part of normal business operations, are generally detailed in position descriptions and accountabilities, and do not require a written authority.

2.3 Delegated powers or functions can only be exercised by a position holder within the scope of their respective management or portfolio responsibility, unless explicitly stated within the associated schedules to this Policy, or the position description for that role.

2.4 Exercise of authority may be subject, at any time, to additional consultation, restriction or other direction provided by a delegate's line manager or supervisor, Senior Leadership Team (SLT) member or the Vice-Chancellor.

2.5 If a delegate is unable to carry out the duties associated with a delegation for any reason, including a potential or actual conflict of interest, an absence or incapacity, the delegation must be exercised by the delegate's line manager in the first instance or other superior within the line of authority.

2.6 Where a significant function is not generally or particularly delegated to an employee or body, and a manager is unclear about who has authority, the matter must be referred to the Director Governance and Assurance in the first instance. The Vice-Chancellor must refer the matter to the Council where any matter is outside the scope of the Vice-Chancellor's delegated authority, or where it is appropriate.

2.7 Delegation holders are responsible for ensuring expenditure of University funds is only exercised where the expenditure is within approved budget allocations, unless explicitly stated otherwise in this Policy or associated schedules.

2.8 The detailed regulations or rules under which specific authorities may be exercised are contained in the associated schedules to this Policy. In addition, delegation holders must adhere to relevant policies and procedures of the University.

2.9 Delegation holders are always subject to the direction and authority of the Vice-Chancellor, including any emergency statute or direction.

3.0 Accountability and Compliance

3.1 Full compliance with this policy and associated schedules is required by all employees.

3.2 Delegates are accountable for the decisions they make while exercising their delegated authorities and will be liable to account for how that responsibility or duty is carried out.

3.3 Compliance with this policy and with the extent of authority provided to employees will be monitored. Failure by a staff-member to fully comply with this policy may amount to misconduct or serious misconduct by the staff member, which may result in removal of delegated authority or disciplinary action.

3.4 Recommendations for removal of delegated authority due to non-compliance may be approved by the SLT member or the Vice-Chancellor on the recommendation of the Director Governance and Assurance.

4.0 Assigning and changing authority band

4.1 Managers in positions with an authority band A or B may assign an authority band to a new position as part of the position establishment process, for positions within their line of accountability and responsibility.

4.2 Assignment of an authority band means assignment of all authorities prescribed therein, whether exercised in practice or not (i.e. delegation for a University credit card, does not obligate the Manager or position holder to apply for and use a credit card). Partial assignment of bands is not permitted.

4.3 Managers with an authority band A or B may change the assigned authority level of a position within their line of accountability and responsibility.

5.0 Internal management, advisory, governance boards and committees

5.1 The scope of authority of management, advisory boards, project and programme governance boards and other internal committees, sub-committees or steering groups will be detailed within a Terms of Reference, to be approved by the appropriate Senior Leadership Team member, the Senior Leadership Team or the Vice-Chancellor as appropriate.

6.0 Acting positions and temporary delegations

6.1 A staff member who has been formally appointed to act in a position can exercise any delegation attached to that position, unless the appointment to act specifies otherwise.

6.2 Where a staff member is fulfilling both an acting role and their substantive role at the same time, the effect is not cumulative. The effective level of delegated authority shall be exercised within the limitations of the role to which the decision or function is being applied.

6.3 Temporary delegations will be granted on an exception basis, only where there is good reason for not applying the requisite authority band to the position. Where this case is made, the Director Governance and Assurance has authority to approve, on endorsement of the relevant SLT member.

7.0 Sub-delegations

7.1 Individual, specific delegated Authorities provided within an authority band cannot be further sub-delegated to other members of staff. Where an authority is required on an ongoing basis then it is more appropriate for the role to be assigned an authority band.

7.2 Exceptions to clause 7.1 may be considered on a temporary basis in accordance with clause 6.3.

8.0 Exclusions and exceptions:

8.1 Delegated authorities specifically excluded from the scope of this policy are:

8.1.1 Functions and Power retained by Massey University Council, including those prescribed by legislation. These are detailed separately in the Massey University Council Delegations Statute.

8.1.2 Delegations from Council to the Vice-Chancellor and Academic Board. These are detailed separately in the Massey University Council Delegations Statute.

8.1.3 Sub-Delegations provided by Academic Board to other persons or committees. These are detailed in the Academic Board Terms of Reference.

8.1.4 Decision making authorities vested in governance, management or advisory board and committees, which are detailed individually in a Terms of Reference document, to be approved by the Senior Leadership Team, or Vice-Chancellor.

9.0 Definitive Source

9.1 This Policy is the definitive source of all formally approved Delegations of Authority provided by the Vice-Chancellor, excluding those outlined in clause 8.0. Where there is any conflict between this Policy and any other University policy, procedure, guideline or document, this Policy will take priority unless determined otherwise by the Vice-Chancellor or by Council.

The limit specified for each authority level represents the maximum value of an individual item that may be committed to, and/or approved by that staff member.

5.3 Recurrent Capital Programmes are part of the University's Ten Year Capital Plan (TYCP) and devolved to College and Professional Services reporting lines.
